KANTINE

HUILE & OLIVE

DIE KANTINE

Arrive, relax, and enjoy. Kantine has everything you need for an inspiring break between meetings or to have a delicious meal at an uncomplicated yet special location during your lunch break. You can choose how to use the space. Kantine offers simple, high-quality food in an inviting environment. Not more, but certainly not less. Experience the reimagination of the classic canteen as an urban space spanning 116 square meters. There's plenty of space at the long counter with a view into the modern, open kitchen. Our chefs love being close to you. You can also sit on antique church benches or at a high table made from a converted historic gymnastics bar.

High-quality enjoyment in an inspiring environment. Not more, but certainly not less.
